

We are UK Men's Sheds Association, the support body for Men's Sheds across the UK. We work hard to inspire and support the development of as many Men's Sheds as possible, for the benefit of men's health and wellbeing. We are a member organisation, representing UK-based Men's Sheds. We raise awareness of the Men's Sheds movement and the many benefits of Shedding and we support Men's Sheds in getting off the ground and thriving as community-driven, member-led entities. We don't own or manage Men's Sheds, but we champion them for miles around. Our direct support mainly takes place in England, but we raise awareness, give guidance and have members from across the entire UK. Our mission is to enable access to a Men's Shed for every man that would benefit from one and we won't stop until we've achieved it.
